

BECAUSE
NUTRITION
MATTERS.®

INTRODUCING THE 5150 MINI-MIXER.

Jaylor Mini TMR Mixers have proven themselves ideal for a wide range of applications, including feeding smaller dairies, specialty groups such as weaned calves, dry cows, maternity pens, fresh cows on larger dairy farms, as well as supplemental feeding of beef cows during calving. The New 5150 Mini-Mixer is no exception. At only 86" tall, even the smallest skid steers won't have any trouble loading this 155 cubic foot (4.4m³) model and just 35 Horsepower will run it. We've used our decades of experience building larger TMR mixers to engineer the same capabilities and durability into this model. The 5150 is equipped with our patented Square-Cut augers which consistently produce a uniform Total Mixed Ration with optimum shaker box results. So why, you might ask? Because Nutrition Matters.

SPECIFICATIONS

5150

CAPACITY NO EXTENSION
WITH 12" EXT

155ft³ | 4.4m³
200ft³ | 5.7m³

WEIGHT

4300bs | 1950kg

HEIGHT*

86in | 2.2m

LENGTH

140in | 3.6m

DRUM WIDTH

76.5in | 1.9m

PTO SPEED

540 RPM

MINIMUM HP

35 HP

AUGER SPEED

41 RPM

NUMBER OF KNIVES

8

AUGER FLIGHTING THICKNESS

1/2in | 13cm

MAX DISCHARGE HEIGHT

35in | 88.9cm

DOOR OPENING WIDTH

25in | 63.5cm

FLOOR THICKNESS

1/2in | 13mm

DRUM WALL THICKNESS

1/4in | 6mm

STANDARD TIRES

10.0/75 – 15.3 18 PLY (2)

WHEEL ASSEMBLY

Single Straight Axle

*lifting lugs protrude an additional 1.5in | 3.8cm above
